# CUPCAKE NEEDLE CASE & PINCUSHION

Needlecase

- Cut fabric and wadding according to pattern.
- Layer the fabric for the outside of the needle case on top of the wadding starting with the cupcake-case fabric and ending with the icing. Machine stitch along the edge of the cake and icing fabric.
- Place the lining fabric right sides together with the stitched cover. Machine stitch around the edge leaving a gap for turning. Slip stitch gap.
- Cut 1 or 2 pieces of felt for inside. Pin in place and machine stitch along the centre fold.
- Sew a red button in place for cherry.

Pincushion

- Cut 7" circle from cake fabric and run gathering stitches around the edge. Fill with stuffing and secure hole.
- Cut icing from felt and sew a red button in centre.
- Sew in place on top of cake.
- Place completed cake in a silicone baking case. This can be secured in place using a hot glue gun.

Needle case

- Cut fabric and wadding according to pattern.
- Layer the fabric for the outside of the needle case on top of the wadding, starting with the cupcake-case fabric and ending with the icing. Machine stitch along the edge of the cake and icing fabric.
- Place the long fabric right sides together with the stitched cover. Machine stitch around the edge, leaving a gap for turning. Slip stitch gap.
- Cut two 2 pieces of felt for inside. Pin in place and machine stitch onto the centre fold.
- Sew on a button in place of a cherry
