

EASTER EGG CARDS

These cards are simple to make and you can go as wild and colourful as you like with the decoration.

Instructions

- 1 Cut a piece of card 30cm by 20cm in whatever colour you want your egg to be.
- 2 Fold the card in half, bringing short sides together, so it measures 15cm by 20cm.
- 3 Cut out the template on the next page. Lay it on your folded card, making sure that you have lined the template up with the fold as indicated and the bottom of the egg is at the bottom of your card.
- 4 Draw round the template and then cut out along your drawn line – make sure you don't cut the fold section.
- 5 Decorate your card in any way you want – the yellow one above has paper, ribbon and foam shapes stuck on, the other one is coloured with pencil crayons. You could try anything you like though – let your imagination go.

Enjoy.
