

- 3) Before turning, trim the points and cut any excess fabric away, being careful not to cut through your stitching.
Turn right sides out, carefully pushing the points at each end out.
- 4) Stitch up the hole at the side with ladder stitch
- 5) Press lightly, then if you wish stitch around the edges of the whole piece, close to the edges. You may also wish to do some simple quilting on the main rectangle of the bag.
- 6) Now fold the bag with right sides together - pin the edges together to keep them straight. Now slip stitch the side seams together (this will be the inside of your bag).

- 7) Lastly take the two corners of the seams you have just sewn and stitch together to form the square bottom of the bag. Now also stitch one end of your ribbon to the corners you have just sewn together.

- 8) Sew the other end of the ribbon onto your brass or plastic ring.
- 9) Now, stitch a bell to each point.
- 10) Push the points up through the brass or plastic ring - arrange carefully.

Well done your project is now finished.
