

Make a Horrifying Halloween Mobile

What you will need:

Fabric

Halloween Templates

Thread and Needle

Pins

Scissors

2 Lollipop Sticks

Glue

Paints for Decoration

This project can be sewn by hand

1. Cut out your templates and pin them to your fabric

2. Cut around your templates. Repeat this so that you have two of each template in fabric.

3. Pin the two pieces together and sew around them using a running stitch.

4. Do this for all your Horrifying Halloween templates.

5. Decorate all of your Horrifying Halloween shapes as you wish.

TIP: Use brightly coloured thread in a different colour to your fabric to make it more colourful.

6. Use glue to stick your two lollipop sticks together in a cross shape.

7. Sew a strand of thread through the top of each of your Horrifying Halloween shapes.

8. Attach the threads to the lollipop sticks by tying a knot into the top of the thread and looping it around the sticks.

9. Choose a fancy thread and tie it around the middle of the to lollipop sticks to make a loop—use this to hang up your Horrifying Halloween mobile.

TIP: When attaching the Halloween shapes to the lollipop sticks use different length threads so the shapes hang at different heights.
