

BOSS FOR WORSHIP

Ingredients

- One standard sized pillow
- Scraps of materials including fur, fleece, felt to make features
- Templates as attached or draw your own

Method

1. Open up the pillow case by picking back both long side seams
2. Cut out using the templates the eyes, teeth and nose from whatever fabric takes your fancy
3. With the outside of the case facing you arrange the pieces and sew down

4. Then go mad with hair and embellishments
5. Once finished turn the case inside out (right sides facing) and sew back down the side seams – this should retain the envelope tuck for the pillow
