

Felt Book-marks

Requirements

Coloured Felt
Thin Elastic
Perl  No 8 Thread

Instructions

1. Using a template cut out 2 identical shapes in felt.
2. Use one piece to decorate with embroidery stitches and/or small felt pieces.
3. Measure the size of your book (around the front and back) and then cut the elastic 1.5 cm shorter.
4. Sew the two felt pieces together using a blanket stitch or running stitch around the outside of the shape, entrapping the elastic at the top and bottom to form a loop.
5. This loop of elastic then goes inside the book marking the page.
